
The Secretary Speaks. . .
Douglas E. Sizemore, Executive Secretary- Treasurer

Sisters and Brothers,

Now is the time for Health Care Reform in America. Thanks to your hard work, America now has a President and a majority in Congress that understands that this country will not turn around without reforming our health care system. The days of 46,000,000 Americans being uninsured must come to an end. The days of working families being forced to shoulder the burden of the constantly increasing cost of health care must come to an end. The days of an employer being put at a competitive disadvantage because it is providing health care for its employees and their families must come to an end. At our June meeting we will be discussing how this Labor Council will take part in making sure that health care reform in America becomes a reality.

On Thursday June 25th thousands of union leaders, members and allies will be in Washington, D.C. to rally for Health Care Reform. I have reserved a Greyhound bus so that any union members interested in being part of this historic event will have the opportunity to do so. The bus will leave on the evening of Wednesday June 24th and return early Friday June 26th. The cost for transportation will be no more than \$85.00 per person. A limited number of seats are available. Please call the Labor Council at 513-421-1846 to reserve your spot as early as possible. We will provide more details as they become available.

I want to thank you for your continuing efforts in support of the Employee Free Choice Act. I am confident that we will see things moving very soon on this legislation that is so critical to the future of working families. I look forward to working with each and every one of you as we continue our efforts to "Turn Around America".

In solidarity

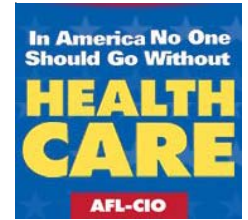

Douglas E. Sizemore

National Health Care Reform Lobby Day: June 25

Make Your Voice Heard

Join us in our nation's capital to demand real health care reform that works for real people. Help make this the largest health care lobby day in history.

For more information please call 513-421-1846

When it comes to health care reform, decision-makers at every level must hear from working families about their experience with America's health care system.

Please make your voice heard by completing the 2009 Health Care for America Survey

Help shape health care reform to meet the needs of working families

To access the survey please visit www.aflcio.org

For more information on health care reform please visit www.aflcio.org or www.healthcareforamericanow.org
